Hubtown launches 20-80 scheme to lure home-buyers

June 08, 2012

Hubtown Ltd, erstwhile Ackruti City Ltd, is offering homes with an easy payment option through its newly introduced 20-80 scheme. Under the offer, home buyers can pay just 20 per cent upfront and pay remaining 80 per cent at the time of possession. The scheme offers residential units in two projects at Mumbai namely -- Hubtown Sunmist at Andheri (E), Hubtown Hillcrest at JVL, the company said in a statement.

Hubtown Sunmist is an exclusive residential masterpiece with ultra-modern features. The 15-storied building designed by Hafeez Contractor offers spacious 2, 2.5, 3 and 4BHK luxury apartments in sizes varying between 1,200 and 2,800 sq ft with ample car parking space.

Hillcrest is a majestic residential tower comprising 3 wings, overlooking the lush greenery of the Aarey Colony. It offers a range of apartment sizes between 700-1500 sq ft to cater to individual requirements in 1, 2, 2.5 and 3 BHK formats. The residential apartments start from the 5th floor onwards overlooking a beautifully landscaped podium garden. The four levels below the podium are reserved to provide ample car parking space.

Commenting on the scheme, Hemant Shah, chairman, Hubtown Ltd, said, "The company has always been at the forefront of creating innovative ways to engage customers. The scheme has been launched to help buyers who, though keen to own a residential property, are sitting on the fence due to prevailing high home loan interest rates."
