

MUMBAI

Ackruti Hillcrest

Ackruti City has launched a premium residential project, Ackruti Hillcrest, in Andheri, Mumbai. The project comprises a majestic 22 storeyed tower having three wings with approximately 426 apartments. The residential apartments start from the 5th floor onwards ensuring unobstructed views of the surroundings. The fourth floor is a beautifully landscaped podium garden designed by LSG Landscape Architecture, UK, with the four levels below it, including basement, reserved for ample car-parking space.

The apartments are of various configurations ranging from 1BHK to 3.5 BHK, with saleable area being 730 sq ft for 1 BHK to 1900 sq ft for a 3.5 BHK. The prices are in the range of ₹10,900 per sq ft, starting at ₹85 lakh.

Ackruti City is located strategically opposite SEEPZ on the East-West corridor of JVLR that provides connectivity to all the key arterial thoroughfares like the Western Express Highway, LBS Marg, the Eastern Express Highway and the Marol MIDC Central Road - effectively connecting it to all parts of the city.

The project also offers amenities including a clubhouse, a well equipped gymnasium, a kids play area, a multi-purpose hall and a fantastic rooftop garden, among others.
